Kodol

Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Bern, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/4 times the 50c. size.

REV. DUTT RESIGNS.

Will Accept a Call From Girard, Illinois

The announcement of Rev. Meade E. Dutt's resignation as pastor of the Christian church, of this city, comes as a surprise to his many friends, who regret to have him leave. He has been here a year and has served his church faithfully and well as pastor and preacher. He enjoys the esteem and confidence of the church and congregation and the citizens generally.

The call from Girard came unsolicited several days ago and he laid the matter before the church board for their consideration. After considering the situation thoroughly the board concluded that it would not be right to stand in the way of the advancement of Mr. Dutt by insisting on him remaining, though his inclination was very strong. It is with much regret and reluctance that they part with him and his good wife. The church has been much strengthened since he came a year ago which must be a great satisfaction to him. The Girard church is said to be a strong church and a very desirable pastorate. May success attend him in his new field.

Mr. Dutt will close his work here next Sunday.

As the enterprise is a cash investment, he said, and the owners are not going to delay work and allow their capital to lie idle. There will be two southern terminals of the road, one at Rockport, on the Ohio river, and the other at or near Sullivan. The Rockport branch is to secure connection with the river and the Sullivan branch to enter the coal fields.

Brought Trade to Him.

A New York hardware man says he would rather give up his big show window than his newspaper advertisements. His establishment is on a side street, but by constant and liberal advertising he has brought trade from the more frequented streets. He has been able to compare the value of his attractive show windows with his newspaper advertisement and has found the latter to be the greater.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.
